

# FUND RAISER FOR THE HILL

MTC 1000 yard shoot hill renovations & improvements project. Bringing shooting enthusiasts the comfort of a proper modern facility they deserve. This project will enlarge and improve the current MTC long range shoot hill to accommodate the proposed firing line overhead protection with bleacher and bench seating and elevated observer's booth. This project will greatly benefit recreational shooters, competition event participants and spectators, students and staff.

## Goals:

### Phase 1: The Hill

- Hill plateau expansion, angle realignment, and forward slope top soil coverage.
- Estimated cost: \$2,500?
- Projected start: Spring 2016

### Phase 2: Basic Construction

- Shooting line overhead cover, enclosed bleacher seating, observation & announcement booth.
- Estimated cost: \$22,500
- Projected start: Summer 2016

### Phase 3: Improvements

- Improved retaining wall (backside and walkway incline) solar electrical system, PA, weather displays, down range video feeds, bleacher section heaters, improved floor material (shooting area), walkway improvements, top soil coverage and grass seeding, shrubs and bushes.
- Estimated cost: \$??? (Retaining wall quote pending.)
- Projected start: On going upon completion of phase 2.
